

The following document provides help in downloading and installing the *Flash Revise Pocketbook Activities* for iPods (mobile phones or PSPs) and Flash Activities.

### Downloading the activities for an iPod (mobile phone or PSP)

The *Flash Revise Pocketbook Activities* can be used in the photos area of your iPod or mobile phone / PSP (see below), using iTunes to manage and upload the images. Within iTunes you use a folder to store the photos and simply synchronize with your iPod to view them. You can continue to add *Flash Revise Pocketbook Activities* to your photo library and update on a future occasion.

To add *Flash Revise Pocketbook Activities* to your iPod:

1. Click on the iPod icon  to download a .zip folder that contains the images.
2. **PC users:** To save the file, right-click on the iPod icon and select 'Save target as...'  
**Mac users:** Control-click on the iPod icon and select 'Download linked file'
3. Use a WinZip (or a similar program) to extract the images from the .zip folder.
4. Copy the folder in to the 'photos' folder on iTunes
5. Plug your iPod in to iTunes and update
6. Next time you turn on your iPod you will find the Flash Revise Pocketbook Activity ready to view

Mobile phones with the ability to view photos will also allow you to view the *Flash Revise Pocketbook Activities* in the photo library.

To add *Flash Revise Pocketbook Activities* to your mobile phone or PSP:

1. Click on the iPod icon  to download a .zip folder that contains the images.
2. **PC users:** To save the file, right-click on the iPod icon and select 'Save target as...'  
**Mac users:** Control-click on the iPod icon and select 'Download linked file'
3. Use a WinZip (or a similar program) to extract the images from the .zip folder.
4. Follow the instructions provided with your mobile phone or PSP to add the new folder to your device.

### Viewing the Flash Activities

Click on the Flash icon , the Flash Activities will automatically open in an internet browser window. You will need Adobe Flash Player to view this activity, which can be downloaded for free from here: <http://www.adobe.com/products/flashplayer/>

### Downloading the Flash Activities

1. Click on  to automatically start the download of the Flash activities.
2. Choose where you wish to save the .zip folder.
3. Use a WinZip (or a similar program) to extract the images from the .zip folder.
4. To run the activities open the folder entitled 'ASBioFlashBook' or 'GCSEBioFlashBook'.
5. Then click on 'Start' (the HTML document).
6. The activity will automatically open in your internet browser.
